DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, line 20, the term "may be" is indefinite for failing to particularly point out and distinctly claim the subject matter.

Remaining claims 2-6 are rejected for the same reason as set forth above.

Allowable Subject Matter

Claims 1-6 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Art Unit: 2872

The claims are allowable over the prior art for at least the reason that the prior art fails to reasonably teach or suggest said pump device sucks or discharges fluid with respect to said pressure chamber through said first and second channels, and the profile of said flexible thin film varies as set forth in the claimed combination.
